# Welcome to Ariels VCNA

## About Ariels VCNA

Ariels was formed as the Victorian Churches Netball Association in 1930 and is one of the oldest netball associations in Australia. Over the past nine decades, the association has continued to grow and promote the sport of netball, particularly in Melbourne's eastern region.

The association is committed to providing support and opportunities to players, recognizing and nurturing leadership and good sportsmanship, and offering a pathway to higher levels of competition, allowing players, coaches, and umpires to reach their full potential.

In June 2024, Ariels announced, in partnership with Netball Victoria and the City of Yarra, the expansion of its program to the newly constructed 8-court facility at Fairlea Reserve Netball Complex in Yarra Bend. Weekly competitions will begin at Fairlea Reserve in 2025.

The current Ariels representative netball program will continue to operate out of Maroondah Nets in Heathmont in 2025 and supports the development of netballers ranging from Under 11s through to open ages.

## Vision

To be recognised throughout the netball community as an association which delivers netball programs that develop athletes, coaches and umpires to their full potential.

## Mission

To provide pathway netball programs in an inclusive, enjoyable, and healthy environment to grow and develop our athletes, coaches and umpires.

## **Ariels Commitment to Players**

Ariels aims to be more than just a netball association—we strive to be "one club, one community." We want everyone connected to and involved with Ariels—players, parents/carers, coaches, team officials, umpires, and supporters—to feel a sense of belonging, importance, and value.

As a result, our activities, operations, and netball programs focus on developing people, players, and teams in alignment with our four core values:

### **Personal Development**

- Individual goals for every athlete
- Structured development pathways
- Personalised skill, strength, and conditioning sessions

### **Teamwork**

- Working together for the best outcome of the team
- Sharing ideas, knowledge, and experience

### **Empowerment**

- Supporting our community to achieve and believe in their goals.
- Acknowledging and celebrating our individual and team strengths

## Ariels Representative Netball Program

Ariels differs from other representative associations as it has a representative netball program drawing players from across many associations, leagues and school competitions with teams playing in various representative level competitions and tournaments.

### Ariels Advantages

- **Pathway:** Ariels offers a clear pathway for players from our representative teams to progress into our Premier League teams, supporting their growth and development in the sport.
- **Coaches:** Ariels' coaches are dedicated to enhancing their coaching credentials and capabilities, receiving ongoing support and guidance from our Head Coaches.
- **Selections:** Netballers from any association or league can trial for and be selected by Ariels. Athletes in the 11&U to 17&U age groups must be actively playing netball at the club level to be eligible for selection.
- **Community:** Ariels creates a strong sense of community as players, and their families, build wider friendship groups, with netballers coming from diverse socio-geographic areas.
- **Pre-Season Camp:** Ariels players bond with their new coach, teammates, and peers during an off-site pre-season camp. (Note: 11&U teams participate in a day-only camp, while all other teams stay overnight.)

### Team Composition

Each age group at Ariels will kick off pre-season training as a squad, with a focus on developing team composition. During this time, the Head Coach, Age Group Coordinators, and Coaches will work closely to determine the best balance for each team. Final team compositions will be announced at the end of the pre-season training sessions.

Each team will consist of ten players, made up of:

- 3 goalers
- 4 mid-courtiers
- 3 defenders

If any changes are required during the year due unforeseen circumstances, adjustments will be made by the Age Group Coordinators and relevant coaches, ensuring that replacements are made positionally (e.g. replacing a mid-courter with another mid-courter). Additionally, training partners will be assigned to each squad.

Every team will be supported by an Ariels-appointed coach, with each age group benefiting from guidance from an Age Group Coordinator and Head Coach.

We also rely on a parent or carer from each team to volunteer as Team Manager for the year, a crucial role in helping with communication and organization—so if you're willing to step up, we'd love to have you onboard!

## Ariels Representative Team Training

All training sessions are compulsory. Court time restrictions will apply for athletes who miss training sessions.

Ariels training is conducted in teams, with squad warm-ups and practice matches. All teams train at Maroondah Nets.

13&U-Open Athletes should arrive at least 20 minutes before their training session and complete their activation program independently before training begins. The activation program is specifically designed for injury prevention.

Injured players **are** required to attend training, games, and any tournaments their team is participating in. By doing so, they can learn from observing and listening to their coach. The coach will ensure that injured players are involved in the session to the extent that they are able. It is also important for the welfare of the injured athlete, as well as for team morale and development, that they remain engaged with their team.

A Medical Certificate clearing an injured player to train must be provided to the coach before the player can actively participate in training. Additionally, an athlete must complete one training session before they are eligible to return to play.

Please note that non-attendance at training will affect court time.
